6/20/77: Dear Lil: Harold has directed me to you as the person in charge of copying operations in case I wanted copies of any of the latest CIA releases. While I don't want to inconvenience you, there are some records he has described which sound as though they'd be of considerable interest to me on the basis of memo's I've recently written. These are Nos/ 876-897, 879-899, 948-927, and 881-901. I assume they are all from "Batch D." If you could copy these without too much trouble, I'd appreciate it.

As you probably know, these are busy, exciting times for me. I miss visiting you and Harold, and I hope I'll at least be able to stop by after my job in Jacksonville ends.

Best,

Howard
